

Red Deer Business Law

Red Deer Business Law - We could assist businesses of all sizes and types to help them reach their objectives. Our goal at our firm is to provide value-based and client-centred legal services. With our trademark combination of conventional and innovative methods to business law, we help many of this nation's most recognized and successful commercial enterprises, and help with development varying in size from millions to hundreds of millions of dollars.

We have engineers and specialists all around North America and all-around the globe that work together with our firm's lawyers as an integrated group. Our legal advice has assisted numerous major resource-based developments reach their goals, from agribusiness to pulp and paper, from mining projects to oil and gas developments. We design joint ventures and creative partnerships among co-operatives, governments, businesses, merchant bankers, venture capitalists and financial institutions.

We offer sound business advice to clients on acquisitions, divestitures and mergers throughout the whole transaction cycle, consisting of structuring, legal due diligence, and negotiating letters of intent, offers to purchase and agreements of sale and purchase.

To be able to help serve our clients in the areas of tax planning and the governance and structuring of various entities, our company has a strong practice in commercial law. We work on several problems comprising negotiated project financing, construction and engineering agreements, and worldwide commodity marketing agreements for business enterprises.

We assist grassroots entrepreneurship through our services to small and medium sized companies. We assist in the development of effective management and business structures. We can help entrepreneurs' access capital and establish positive relationships together with clients and suppliers. Our lawyers have extensive experience with cross-border transactions and could help small companies to become successful exporters.
