

Red Deer Criminal Lawyer

Red Deer Criminal Lawyer - Our Group generally focuses on pursuing legal solutions regarding insurance and commercial fraud and theft. As the global commercial crime rate skyrockets, the government seems to be allocating less and less resources to combat it. As such, disputes which used to be handled by the government have currently been passed down to the civil courts.

Our lawyers are knowledgeable in both criminal and civil litigation. They make use of this skill, along with our company's personal contacts, so as to make certain that our client's case is carefully investigated and pursued. The initial investigation is vital to the end resolution of a fraud lawsuit. For that reason, our lawyers interact frequently together with the police department, as well as various forensic accountants and investigative agencies, computer and statistical professionals, private investigators and handwriting analysts to make certain that a thorough investigation is finished.

We also provide private seminars about cutting-edge problems which our clients might be interested in. At these seminars, we give our opinions and explain legal problems which relate to the topic.
