

Red Deer Bankruptcy

Red Deer Bankruptcy - In the last couple of decades, our firm has offered recommendation on all aspects of bankruptcy law, including commercial litigation, creditors' remedies, and reorganizations and restructurings. Our profile is highly regarded globally, and as such a large percentage of our clientele is internationally based. Much of our business regards cross-border insolvencies and restructuring between Canada and America. We are knowledgeable in a wide variety of matters due to our many domestic relationships along with different lenders and professionals. Our experience consists of working with commercial and financial organizations, international and domestic financial institutions, investors, receivers, creditor's committees, trustees, debtors and acquirers in reorganizations and insolvencies.

The Canadian cross-border insolvency system was developed in part by members of our practice. In addition, the Government of Canada takes our recommendation into account when amending Canadian laws that include worldwide business. We are satisfied to be active members of a large variety of global insolvency organizations.
